

States of Alderney

Media Release

For immediate release: 12th September 2019

Alderney's Air Links

The States of Alderney wish to confirm that:

- The States is heavily focussed on the importance of our air services, in particular retaining the Southampton route, because the PSO involves a commercial contracting process, much of this is not in the public domain of necessity.
- We remain concerned about any proposals which result in a diminution of our air connectivity and are pressing hard on this.
- We appreciate and are grateful for the efforts being made by Alderney citizens to draw the shortcomings of the current service and medevac arrangements to the attention of the press and the States of Guernsey - this echoes our stance in private conversations.

Ends

Notes to Editors:
