

States of Alderney Presidents Office

Press Release

25th March 2020

April States Meeting

Given the situation we currently find ourselves in, and in the absence of any submissions for inclusion on the Billet, there will be no States Meeting in April.

We are currently considering how to make provision for future Meetings, to take into account the present circumstances.

Should an urgent need arise, a Meeting can be convened at short notice. Flexibility is extremely important at this challenging time.

Ends

**William Tate
President
States of Alderney**
